

## GROWTH

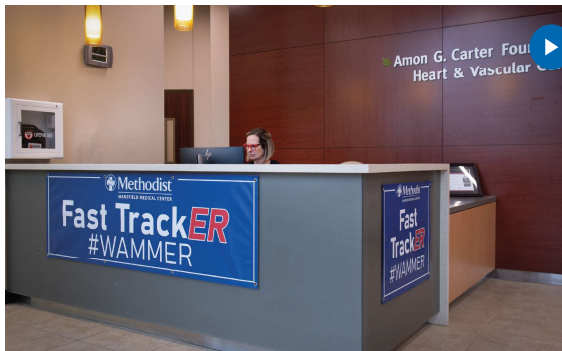

### NEW UNIT ELEVATES NEUROLOGICAL CARE

In a significant stride towards enhancing local healthcare accessibility, Methodist Mansfield Medical Center opened the Neuro Critical Care Unit. The unit spans 25,000 square feet and represents a \$20 million investment by the hospital.

This 32-bed unit is equipped with state-of-the-art rapid artificial intelligence technology that can rapidly diagnose and analyze scans and allow physicians to administer immediate treatments. The unit is also equipped with the newest renal replacement therapies, ultrasound, and bedside EKG and echocardiogram machines.

“When the unexpected happens, having a designated medical facility close to home often makes the difference between life and death,” says **Juan Fresquez**, president of Methodist Mansfield Medical Center. “This critical care unit represents a significant milestone in our dedication to providing unparalleled care to patients in critical neurological conditions in a timely manner. Our goal is to deliver top-tier expertise and compassionate care to every individual who arrives through our doors.”

The Neuro Critical Care Unit is a specialized team of neurologists, neurosurgeons, critical care nurses, and rehabilitation specialists who are poised to offer neurological care and treatment for individuals suffering from severe brain or spinal cord injuries, strokes, brain tumors, seizures, severe infections affecting the nervous system, and other life-threatening neurological conditions.

### ED REMODEL OPENS UP NEW POSSIBILITIES

Methodist Mansfield Medical Center Emergency Department experienced an unprecedented surge with a 10% increase in patient volume. Rather than viewing this as a challenge, the hospital saw it as an opportunity to innovate and elevate our services.

Central to the hospital's renovations is the Fast TrackER, strategically positioned adjacent to the Emergency Room in the Amon G. Carter Foundation Heart and Vascular Center. This dedicated unit is tailored for those with minor injuries or illnesses, offering a streamlined process aimed at significantly reducing wait times. In an era where every moment counts, Fast TrackER is our response to the need for swift, efficient care.

Fast TrackER isn't just a physical space; it embodies our commitment to personalized attention. Manned by experienced medical staff, this unit ensures patients receive prompt care before heading home to heal.

## SPOOKTACULAR FUN

Methodist Mansfield staff turned fright night into a healthy delight at Safe Treats and Healthy Streets. With more than 350 little ghosts and monsters, the evening was alive with treats, games, and a lesson on safely disposing of medications in the hospital's Drug Take-Back Program. Citizens received training on Narcan

kits that were distributed by the Mansfield Fire Department and more than 100 pounds of drugs were collected for the Drug Take-Back Program from Methodist Mansfield's pharmacy and MHS police.

Community groups and staff including the North Texas Trauma Regional Advisory Council, City of Mansfield Firetrucks and Snorkel, and Tarrant County Constable Sandra Lee participated in a spirited celebration of community and well-being.

## KICK STARTING FITNESS FIESTA AT BACK TO SCHOOL BASH

Families united at the Annual Mansfield ISD Back to School Bash, where Methodist Mansfield turned the event into a fitness fiesta. Branded soccer balls, goals, and excitement filled the air as more than 10,000 students and families got ready for school. The event was a vibrant blend of exercise, freebies, and health screenings, with Methodist Mansfield leading the charge for active family lifestyles.

## DIVE INTO SAFETY: WORLD'S LARGEST SWIM LESSON WITH JOSH THE OTTER

Methodist Mansfield makes waves for water safety at the World's Largest Swimming Lesson, featuring Josh the Otter.

Community members joined in at Hawaiian Falls and the hospital dove into community health with fun events that go beyond hospital walls. The excitement is contagious, and the message is clear — Methodist Mansfield is committed to making a splash for safer waters.
